

VOTE for Christine McCooe

As a homeowner in our town – I care what happens in Holland. I am an honest person trying to do an honest job for Holland. My experience is real and I do not infer to be something I am not.

- An active member of Holland's Planning Board since 2005.
 - I have Experience in existing Zoning and Town bylaws, as well as, the creation of new ones when and where needed.
- An active Member of the Holland Lake Oversight Committee.
 - I have worked with town residents, as well as, members from all the other boards, commissions and committees in town to get grant money for the town, revise outdated bylaws, and make Holland an even better place to live.
- President of the Hamilton Reservoir Association since 2005 and a VP before that.
 - I have worked with seasonal, as well as, year round residents on issues important to Holland. We work together on projects that help preserve our lakes.
 - I have worked with Senator Brewer, Representatives Hillman and Smola to better know and understand the needs of Holland as they represent us.
- In addition to my professional experience, I am a Chamber of Commerce member and an Ambassador for Chamber affiliates.

The Planning Board is important to Holland

Lots of signs don't ~~and~~ make a good candidate

EXPERIENCE DOES !!

Vote for Christine McCooe for Planning Board

P.S. I have never gained my experience by suing the town.
